

THE VISION OF THE FERTILE-BELTRAMI SCHOOL IS EDUCATING FOR SUCCESS IN AN ENVIRONMENT OF LEARNING, RESPECT, AND RESPONSIBILITY.

Dear Parents,

Welcome to Fertile-Beltrami Elementary School. This handbook has been carefully written so that you may clearly understand the policies and procedures that affect you and your children. Please read this handbook together with your student(s). It won't take much time and you will learn useful information.

The most critical facet of a child's life begins with preschool and elementary experiences. During a child's early years, patterns of interests, academic development, and emotional and social development are established. It is our goal to instill as many positive growth experiences as possible throughout a child's elementary years.

We are proud of our students, staff, and educational programs. The principal, teachers, and support staff are here to serve the needs of students. Through hard work, empathy, and working with parents, the lives of our young people will be enriched. We feel that a great opportunity awaits each and every student as the new year begins. Our students must be able to think in complex ways that will allow them to function successfully under any circumstances. Our programs are based on the belief that in order for learning to be meaningful it must be connected to the real world. Our students will become self-directed learners who understand how learning impacts their lives. In partnership with parents, we will assure that all children will learn, and that they will grow up to be contributing citizens within our democratic society.

According to Public Law 107-110, Section 1111(h)(6)(A), because Fertile Beltrami Elementary receives Title I-A funding, parents of elementary students may request, and the District will provide on request, information regarding the professional qualifications of the staff providing instruction. Requests may include:

- a) whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- b) whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived;
- c) the degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
- d) whether the child is provided services by paraprofessionals and, if so, their qualifications.

On behalf of the entire staff, we extend a warm welcome for returning students and their families. Finally, we want to extend a special welcome to those new to Fertile-Beltrami Elementary School.

Offerings to Students

Fertile-Beltrami offers an elementary curriculum that is broad in scope and solid content. The reading/language arts curriculum reflects a combination of traditional texts and whole language methods. Our Guided Reading program focuses on students reading books at their level. All Day Every Day Kindergarten is an opportunity for students to learn expected outcomes in a slower paced educational setting with more opportunities for enrichment. Grades K-5 features Everyday Mathematics that emphasizes real world problem solving. Mathematics used in grades 6-8 focuses on students spending time discussing and writing about mathematics.

The science curriculum is designed to provide more “hands on” experiences for the learner. Computer technology classes, emphasizing keyboarding and word processing are offered yearly to students in Grades 4-6. Art is taught in the classroom; music, media (library), and physical education are taught by teachers with special training in these areas. Title I assistance is provided to students who need extra help in reading and mathematics. Special education services are available for emotional behavior disorders, learning disabilities, speech services, physical therapy, and mentally handicapping conditions. In addition, we have a full time Dean of Students, a part-time school psychologist, and a Family Service Specialist, who provide support services to students in grades K-6.

Visitors

Visits to school by parents are encouraged and welcomed. **Parents must report to the office prior to visiting a classroom or removing a student from classes**, which is in accordance with state requirements. When you report to the office please sign in and put on a visitors tag. Please **DO NOT** go to your child’s classroom without stopping in the office first. See page 11 for classroom visitation procedures.

Attendance Information

Purpose: The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communication between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive, not punitive.

This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

Student's Responsibility: It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

Parent/Guardian's Responsibility: It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise. Parents are asked to cooperate by calling the school office by 10:00 a.m. on the day a student is absent. If this is not done, the parent will be called when possible. NO excused absence will be given until parental contact is made. **All absences that have not been recorded as excused within one (1) school day shall automatically become unexcused absences.**

Teacher's Responsibility: It is the teacher's responsibility to take daily attendance and maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

Administrator's Responsibility: It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and work cooperatively with them and the student to solve attendance problems.

In accordance with the regulations of the Minnesota Department of Education and the Minnesota Compulsory Instruction Law, Minn. Statutes 120A.22, the students of the school district are **REQUIRED** to attend all assigned classes and/or study halls every day school is in session, unless the student is 17 years old and has elected not to enroll and has met all the requirements for withdrawal from school in subdivision 8 of the statute.

Absences: After an absence, a student is to bring a note from home explaining the reason for the absence unless his/her parent has called the school beforehand. Prior to leaving the building, he/she must have a blue pass in order to have the absence excused and not face disciplinary consequences. ***The authority to decide whether an absence is excused or unexcused rests with the building principal...not the parent/guardian.***

Our aim is to assure school attendance of children from kindergarten through seniors in high school, through early intervention services to children and families that creates a positive experience between home, school and community.

Excused Absences:

The following examples for absence are excusable according to the policy set forth by our school board:

- a. Illness
- b. Serious illness in the student's immediate family
- c. A death in the student's immediate family or of a close friend or relative.
- d. Medical or dental treatment.
- e. Dismissal by school nurse due to illness or injury
- e. Court appearances occasioned by family or personal action.
- f. Religious instruction.
- g. Physical emergency conditions such as fire, flood, storm, etc.
- h. Official school field trip or other school-sponsored outing.
- i. Removal of a student pursuant to a suspension (OSS). Suspensions are to be handled as excused absences and students must complete make-up work.
- j. Family trips and community sponsored activities.
- k. Visiting immediate family members connected to military leave or deployment.

Up to three days of excused absences may be granted for military-connected students whose immediate family members are experiencing deployment if students meet the following criteria: (1) the absence is pre-approved; (2) the student is in good standing; (3) the student has a prior record of good attendance; (4) missed work is completed and turned in within the school's allotted time period; and (5) the absence is not during standardized testing dates.

Consequences of Excused Absences: Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher. Work missed because of absence must be made up within 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the principal or classroom teacher may extend the time allowed for completion of makeup work in the case of an extended illness or other extenuating circumstances. **A doctor's note may be required after 3 consecutive days of illness. Medical documentation is required for ALL medical excuses/appointments.**

Unexcused Absences:

The following examples for absence are unexcused according to the policy set forth by the school board:

- a. Shopping trips
- b. Hair appointments, tanning appointments
- c. Personal errands
- d. Skipping school (Truancy)
- e. Work at a business, except under school-sponsored program
- f. Personal transportation problems i.e. car won't start, flat tire, etc.
- g. "Family" A call saying a student will be absent because of "Family" will be documented as unexcused unless expounded reason falls within the excused absence criteria listed above.

Consequences of Unexcused Absences: An unexcused absence will result in *one afterschool detention for each hour* missed. At the **3rd** cumulative unexcused absence in a semester, a student's parent or guardian will be notified of potential legal consequences and recommended action. After such notification, a student, or his/her parent or guardian needs to, within a reasonable time, request a conference with school officials regarding the student's absences and the prescribed discipline. If the student has **seven (7)** unexcused absences, he/she is considered "habitually truant." The school is required to report that student is in violation of compulsory attendance laws. Significant consequences can occur at this level and appropriate service referrals and petitions of truancy are made to the Polk County Social Services Office.

Confidentiality

All information regarding students' records and personal data is considered private information. The records are available only to certified school personnel. Parents may view their child's school records by making arrangements through the elementary principal's office.

Class lists will not be released to companies or individuals. However, for the purpose of class parties, etc., teachers may provide lists to parents; only names – no addresses or phone numbers.

Homework

Every teacher knows and realizes that each child is unique and different. Each child has different needs, interests, desires, and abilities. Because of those known facts, each teacher's program is left flexible so that it can be purposeful.

When a student is absent, they receive 2 days to turn in make-up work for every day they were absent. Please contact your child's teacher to gather homework. You or a sibling may pick it up at the end of the day if you notify the teacher in the morning with a note. If you know your child will be absent for a time, you may send a note to his/her teacher to get work ahead of time and pick it up at the end of the day.

School Premises

The school is responsible for students from the time they get on the school bus (or for non-bus students, when they arrive at school) until the time they step off the school bus after school (for non-bus students, once they leave the school grounds). ***Students should not arrive before 8:00 a.m.*** On a scheduled school day, students are required to go to the playground/gym or to breakfast between 8:00-8:20. They are ***NOT*** to be in the halls before 8:20. Because of legal and safety considerations, no elementary student is permitted to leave the school premises during the school day. Parents/authorized adults must report to the Principal's office during the school day to pick up their child.

To pick up your child at the end of the school day, you may pick the child up at the school bus stop. **Please do not call the school to have your child meet you at any of the doors unless it is an emergency.** The parents are to inform the office that they are picking up their child and that the student will not ride the bus home. If another adult picks up your child, that adult is to come to the main lobby no later than 3:00 p.m.

We will inform the bus driver that the student will not be on the bus that evening. The parent must send a note to the office if another adult is to pick up the student. We will accept phone calls if it is an emergency. Be sure to tell the teacher the child is leaving with you.

All students not participating in after school programs or practices must leave the building by 3:30.

Dress Code

Appropriate student clothing includes, but is not limited to:

1. Clothing appropriate for the weather.
2. Clothing that does not create a health or safety hazard.
3. Clothing appropriate for the activity.
4. Shoes must be worn at all times.

Inappropriate student clothing includes, but is not limited to:

1. Shorts or skirts ***deemed too short***, skimpy tank tops, tops with spaghetti straps, low-cut tops, clothing that exposes the midriff, clothing that does not fully cover undergarments at all times, and clothing that is not in keeping with school standards.
2. Clothing which bears a message that is lewd, vulgar, obscene, or contain sexual innuendoes.
3. Apparel promoting products or activities that are illegal for use by minors.
4. Objectionable emblems, badges, symbols, signs, words, objects or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group, evidences gang membership or affiliation, or approves, advances or provokes any form of religious, racial or sexual harassment and/or violence against other individuals.
5. Any apparel or footwear that would damage school property.
6. Hats and hoods are not allowed from 8:20am-3:18pm, except with the approval of the principal.

Procedures followed for inappropriate dress:

When, in the judgment of a school employee, a student's appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities; or poses a threat to the health or safety of the student or others, the student will be directed to make modifications. If the student refuses to make the necessary modification, he/she will be sent to the ***designated*** room for the day and parents/guardians will be notified.

In the winter, elementary students are required to wear snowsuits, hats, mittens, and boots in order to participate in recess. If these items present a financial burden, please call the school and arrangements will be made for your child(ren). Students are not permitted to go outside at noon if it is raining or temperatures are excessively cold. The playground supervisors work with teachers and the elementary office regarding these conditions.

School Nurse

The school nurse's office hours are from 8:30am-2:30pm each day. If a student becomes ill/injured while at school, the parent(s) will be notified and requested to come pick the child up. If no parent is available, it is very important that prior arrangements be made with a relative/neighbor for temporary care of your child. Please keep emergency information accurate by notifying the office of any changes.

Please keep your child home if: Your child has a fever greater than 100 degrees. Students can return to school when they have been fever free for 24 hours without the use of Tylenol, Ibuprofen, etc.

- Your child has vomiting or diarrhea. Students can return when they have been free of vomiting/diarrhea for 24 hours
- Your child has a contagious illness (such as pink eye, strep throat, impetigo, etc). Students can return after 24 hours of antibiotic treatment.
- Your child has an undiagnosed rash

In accordance with the Minnesota School Immunization Law, students may not enroll or remain enrolled in school without having provided either documentation of immunizations against certain vaccine preventable diseases or appropriate medical or conscientious exemptions. All students are expected to be in compliance on the first day of enrollment.

Report Cards/Parent-Teacher Conferences

Students in grades K-2 receive a developmental report card that reflects student mastery of curricular skills on a quarterly basis. Students in grades 3-6 receive a traditional grades report card for their academic classes on a quarterly basis.

Testing

In March/April students are given the Minnesota Comprehensive Assessments in Grades 3 through 6. The Minnesota Comprehensive Assessments are tests that measure how well a student has mastered the math, reading, and writing standards as described in the Minnesota Academic Standards. The results will be sent home as they are completed by the state. They are also posted at the following web address: <http://rc.education.state.mn.us/>

Teachers may make exceptions for special occasions. All students in grades K-2 are provided with an afternoon milk break.

IMPORTANTStudents and/or parents are asked to check with their teachers before bringing any treats to school to share. Some students have food allergies and we want to be sensitive to that. As a general rule of thumb, do not bring treats to share that have peanuts in them or have been made with peanut oil. Please check the ingredient label to be certain. We also ask that all treats that are brought to school to share be store bought with clear labeling of ingredients. Please do not bring food items that were made at home. Your cooperation with this is greatly appreciated.

New Student Enrollment

Under existing school policy a child entering first grade must be six years of age before September 1st of the current school year, or have been promoted from an acceptable kindergarten. **Student enrollment will not be withheld for any reason once the enrollment process has been completed**

If you are entering a Minnesota school for the first time from another state, a Minnesota immunization form must be completed and on file in the office. Parents are requested to bring this information when they register their students. All efforts will be made to have students begin classes as soon as possible.

A child entering kindergarten for the first time needs the following:

1. Birth Certificate
2. Records of immunization to date

Retention/Promotion

A conference with the classroom teacher, parent/guardian, and principal will be held to evaluate pending retention. Academic, social, health, and emotional impact will be considered.

Withdrawals from School

If you are moving, the principal or teacher should be notified at least a day in advance so that proper transfer records can be prepared and the child's supplies and records collected for transfer. If transferring to another state, parents/guardians must sign release forms for transfer of records.

Drug Free and Weapon Free

The areas in and around the Fertile-Beltrami School are drug-free and weapon-free zones. Anyone caught possessing or using any drugs or weapons will be subject to maximum penalties as defined in State and Federal law.

The following items have no place at school: knives or weapons of any kind, firecrackers, matches, cigarettes, drugs-alcohol, water guns, pornography. Those items, which cause disruptions or problems at school, will be taken from the students and appropriate disciplinary action will be taken, including notification of parents and possible expulsion or suspension. Minnesota Statutes and the Federal School Safety Act state that students who bring a weapon to school, or any item that is intended to be used as a weapon against another person, will be subject to immediate suspension or expulsion. Law enforcement officials will be notified immediately. See Appendix.

DISCIPLINE PLAN:

School: The school provides each student with the maximum opportunity to acquire an education. No student has the right to interfere with this opportunity by his/her actions, poor manners, or lack of consideration. All rules and regulations are developed and enforced with this thought in mind. School rules apply on school grounds, buses and at any event where our elementary school is represented regardless of location.

Care of the Building: It is part of the school philosophy to help children develop proper habits when using public facilities and public buildings. Parents are encouraged to instruct their children to respect their school as they would their home.

Any student guilty of willful destruction of school property shall be held financially responsible and/or subject to disciplinary action. Each student is requested to do his/her part in caring for the building and grounds.

Buses: If you have bus issues or students will not be riding, etc. please call our Bus Manager at the bus garage at 945-6079. All district students are provided with bus safety instruction during the first weeks of school and are required to demonstrate understanding of bus safety lessons. District #599 has established formal bus policies, rules, and regulations (included in packet).

Recess/Playground Rules: All students are expected to participate during noon recess. Exceptions include only valid medical limitations, which must be a written doctor's order and a copy on file in the student's folder. Playground supervisors will be on duty all noon hour. Playground rules and consequences that stress clear rules and find positive ways for students to handle disagreements have been implemented.

Inappropriate Displays of Affection: Any students talked to by school personnel more than once as showing or talking about inappropriate displays of affection, such as kissing or inappropriate touch, will be assigned time in the detention room.

Student Behavior at Extra-Curricular Activities: During home athletic events, concerts, etc., parents are responsible for supervision of their children. All students are expected to sit and watch the event and to take breaks at appropriate times. Students are not to leave the gym for any reason other than at appointed breaks in the games or program.

Discipline Policy/Level System

We will be using a progressive system for discipline. The Fertile-Beltrami Violence Prevention and Intervention Program use student interventions to maintain a safe school environment that promotes learning as well as to instruct students and encourage them to make good choices, not to punish.

Violations of the discipline program will be recorded along with interventions and options that are utilized based on a level system. This level system is included in the Appendix of the handbook.

Reasonable Force Standard:

A teacher, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student in order to prevent bodily harm or death to another. A school employee, school bus driver, or other agent of a district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student in order to prevent bodily harm or death to another.

Detention:

The detention room will serve as a place to send disruptive or uncooperative students. A teacher, staff member, or principal may assign detention *afterschool*, for a class period, a day, or longer depending on the circumstances. The undesirable behavior may have occurred in the classroom, in the hallway, on the bus, on school property, or at a school sponsored event. A student who is assigned detention will not be allowed to participate in extra-curricular activities (or practice for those activities) until the day after the entire detention/consequence has been served.

While in the detention room, the following rules will apply:

1. There will be no talking, note passing, gesturing, or sleeping.
2. No snacks, food, or beverages will be allowed (except lunches from the school kitchen during noon hour).
3. There will be scheduled bathroom breaks.
4. Rules will be posted clearly in the detention room.

It is the responsibility of the student to get his/her assignments for any class missed while in detention. The student is expected to complete the assignment(s) on time with the rest of the class. Teachers may assign extra work to a student in detention.

When a student receives 3 detentions, an appointment will be set up with the school counselor and/or special services staff. Parent will be notified of these appointments.

Activity Tickets

Activity tickets may be purchased from the elementary office. These can be used for all sports. Activity tickets cannot be used for tournaments or the school play.

Care of Personal Property

All personal property of individual students is the responsibility of the individual student owning the property.

School Insurance

You as parents are responsible for supplying insurance for your child. There is supplemental insurance available.

Lost and Found

Please mark your children's coats, hats, lunch boxes, boots, and other personal items with their names. The Lost and Found is located in the office. Parents, you are invited to check the "Lost and Found" box for your child's lost items. If items are not claimed in a reasonable amount of time, they will be donated to charity.

Classroom Visitation

You are encouraged to visit your child's classroom. We consider your visits to be an indication of your interest in your child and his/her school. As a matter of courtesy, it is expected that arrangements for the visit will be made with the teacher or principal beforehand. Making arrangements prior to your visit will give the teacher an opportunity to make it worthwhile. Be sure to check into the office for a visitor's badge.

Although parents are encouraged to visit the classroom, we ask that if at all possible, preschool children not be brought along. We have found that their presence disrupts the classroom and serves no real educational purpose. We would, therefore, appreciate parents making their visits unaccompanied.

Storm Days / Emergency Closing

In the event of an emergency closing, the school will announce this information through the following broadcasts: radio stations KFGO, WDAY, KROX, KRJB and television stations WDAY, Channel 6, KVLV, Channel 11. A message will also be sent out through the School Reach system. It is imperative that you have an emergency house for your child as there have been times when it has been impossible to take the bus route. Please let the school know as soon as possible the emergency house your child has. See form enclosed in folder. If you don't have an emergency house, please let us know and we will find one for your child.

Safety Drills (fire, lock-down, tornado)

In order to be prepared for an emergency, safety drills are held monthly to acquaint students with proper procedures. We attempt to impress upon the children the importance and seriousness of this safety precaution. It is hoped that continual practice will insure a rapid, calm, and orderly response from all students.

Library / Media Center

Students are welcome to use the Library/Media Center resources to meet their academic needs and to provide an avenue for recreational reading. The intent is to develop skills that will encourage the students to be life-long learners and readers.

Hours of Service: During the school year, the Library/Media Center is open from 8:00 a.m. to 4:00 p.m. Family and Community along with students are welcome to use the school library.

Rules: Rules of proper behavior are posted in the library. Library privileges may be withdrawn for misconduct.

Website: The library website is <http://fertibeltrami.k12.mn.us/FBSchool/library/library2.htm>. The *World Book Online* ID is fbschool and the password is falcons.

The Collection: The Library/Media Center houses fiction, non-fiction and reference books for the students in Kindergarten through Grade 12. The library uses *Destiny*, the automated circulation and catalog program. Subscriptions for online reference resources are available on all in-school computers and at the school website. These periodical databases and encyclopedias include *Encyclopedia Britannica Online*, *World Book Online*, *InfoTrac*, *Lit Finder*, *Pro Quest*, and *EBSCO Host Research Databases*.

Student Circulation: Students may check out the number of books allowed for each grade. The circulation system can bypass the limit if students need extra books for research projects.

Overdue Materials: Overdue lists are posted weekly in the elementary classrooms and overdue notices are given to the high school students quarterly. Notices may be mailed to the parents. Students are required to pay for lost or damaged books. The money will be refunded if the lost book is returned in good condition.

Copier/Printer Charges: Personal photocopies and computer printer charges are 10 cents per page.

Field Trips

Students experience occasional out-of-town educational visit. In addition, local field trips are often planned throughout the year. The classroom teachers will contact parents/guardians prior to all field trips. The enclosed permission form from the parent/guardian must be returned in order for the student to participate.

Birthday / Celebrations

If you are having a party for your child, DO NOT have your child distribute the invitations on school premises as those who are not included are often adversely affected.

Church

Arrangements have been made with the church council for releases of students for church-related instruction. Students are escorted to and from the Concordia facility. Instruction lasts 50 minutes and participation is strictly voluntary. School events will not be scheduled on Wednesday evenings.

Volunteers

Over the past few years, volunteers have become more and more important. The contributions and tasks that can be performed by volunteers are many and varied. Parent volunteers will be used in the capacity they feel most comfortable. Please contact your child's classroom teacher or our Community Ed. Director, if you are interested.

Foster Grandparent Program

We currently have a foster grandparent program throughout the elementary school. Our grandparents assist children at different educational levels. They are an important part of our program.

Summer Recreation

The Community Education Program offers a variety of activities as part of our summer recreation program. Examples are visual and performing arts, nature programs, and numerous athletic opportunities. We will inform the parents about what is available each summer.

STUDENT SERVICES

Dean of Students: The main purpose of the Dean of Students is to help students to be as successful in school as possible. The Dean of Students tries to help each student gain insight into any problems that they may have and thus their own abilities and limitations. We hope that by doing this, each student will be able to pursue obtainable goals for themselves. While attempting to help students in this manner, the Dean of Students works not only with the students, but also parents, teachers, and the administration of the school.

School Discipline

Definitions:

Detention:

Removing a student from class/activity to spend a specified amount of time in a designated area. Detention must be served at the specified time of the teacher or principal. If detention is not served on time, time will be doubled. If the double is not served, the student will serve a one (1) day in-school suspension. ***Students who receive a detention will not be allowed to participate in any extracurricular games or practices until the day after the detention/consequence has been served.***

In-School Suspension:

The act of prohibiting a pupil from attending classes for a period of no more than three school days. The pupil serves suspension time in the school building in the designated area. Days of in-school suspension will not count as absences and students will not be allowed to participate in activities during or after school.

Out of School Suspension:

A suspension that must be served away from the school building or grounds.

Expulsion:

An action taken by the school board to prohibit an enrolled pupil from further attendance for a period that shall not extend beyond 12 months.

Designated Area:

A satisfactory seating area assigned by the principal i.e. the Detention Room. The Detention Room is located in the school and is staffed by a Fertile-Beltrami staff member. The purpose of assigning a student to the designated area is to: 1) re-establish the learning atmosphere in which the student has disrupted, and 2) provide a setting for the student to examine the actions which prompted his or her removal and make a commitment to correct that behavior.

THE LEVEL SYSTEM

When corrective actions taken by the classroom teacher have failed or the rule infraction is of a serious nature, the incident shall be referred to a building principal and/or dean of students for investigation and action. The severity of the consequences applied depends on factors: 1) the seriousness of the offense, 2) the previous disciplinary record of the student. In an effort to take both into account, a progression of consequences (the level system) has been adopted. With each successive referral the student will be advanced up the level system at least one level up depending upon the seriousness of the infraction. ***Final decisions regarding any disputes remain with the building administration.*** The minimal disciplinary consequences for each level are as follows, and in accordance with the Pupil Fair Discipline Act:

Level 1: Referral to principal/dean of students for conference. Incident recorded on the student record. Written notification to parent (at discretion of principal or dean of students). Incidents at each level will be recorded on the discipline record.

Level 2: Administrator conference – one (1) hour of after school detention. Parents notified in person, by phone, or written notice.

Level 3: Administrator conference – two (2) hours (2 days) of after school detention. Parents notified in person, by phone, or written notice.

Level 4: One to two (1-2) days of in-school suspension. Parents notified in person, by phone, or written notice.

Level 5: Three or more (3+) days of in-school suspension. Parents notified in person, by phone, or written notice. Conference may be requested.

Level 6: Out of school suspension depending on the nature of the offense. Conference with parents.

Level 7: Expulsion hearing before Board of Ed. or an Administrative Conference of Superintendent, Building Administrator, School Psychologist, and teachers.

PROVISIONS FOR USE OF THE LEVEL SYSTEM

1. After a student has been placed on a level, the next infraction will result in the student being advanced at least one level for the same infraction. A level may be “jumped” if the infraction calls for a higher entry level. For example, a student who is on level 1 and commits a level 4 violation will be advanced to level 5. Normally, a student will be advanced up the level system with each successive violation; however, the principal may exercise discretion as to whether a student should be advanced for a minor violation.
2. The principal/dean of students shall be responsible for seeking assistance of counselors, teacher advisors, social workers, Student Assistance Team, and other professionals to help the student correct their behavior problems.
3. Students failing to fulfill the disciplinary requirements of a level in the time prescribed will automatically move up to the next level.

SUSPENSION PROCEDURES

1. While in school suspension, a student will be assigned to a designated area, except when the infraction is serious enough to warrant a level six (6) consequence, or when the student’s presence in the building poses a threat to the health and safety of the other students, staff, or the operation of the school. Students assigned to in-school suspension will work on assignments from their teachers and complete all work assigned to them. All other rules pertaining to conduct in the designated area are applicable.
2. No suspension from school shall be imposed without an informal administrative conference with the pupil, except where it appears that the pupil will create an immediate and substantial danger to him/herself or to property around the student.
3. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, or a request to meet with the parent(s) and/or guardian will be mailed within 48 hours of the conference. In the event a student is suspended without an informal administrative conference on the grounds the pupil will create an immediate and substantial danger to persons or property around him or her, the written notice shall be served either personally or by mail upon the pupil and his or her parent or guardian within 48 hours of the suspension.

2. Clothing that does not create a health or safety hazard.
3. Clothing appropriate for the activity (i.e. physical ed. or classroom), with athletes, cheerleaders, and extra-curricular participants conforming with the Minnesota State High School rules.
4. Shoes must be worn at all times.

Inappropriate student clothing includes, but is not limited to:

1. "Short shorts", skimpy tank tops, clothing that exposes the midriff, clothing that does not fully cover undergarments at all times, and clothing that is not in keeping with school standards.

3. Apparel promoting products or activities that are illegal for use by minors.
4. Objectionable emblems, badges, symbols, signs, words, objects, or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group, evidences gang membership or affiliation, or approves, advances or provokes any form of religious, racial or sexual harassment and/or violence against other individuals.
5. Any apparel or footwear that would damage school property.

If the student refuses to make the necessary modifications, he/she will be placed in the detention room for the remainder of the day and parents will be notified.

B. Academic Honesty/Cheating: Cheating is defined as using unfair or dishonest methods to complete work. Examples of cheating include but are not limited to:

- Hiring someone to write a paper, buying a paper or project, or downloading a paper from an online service.

- Letting a partner do all the work and putting your name on the final report or project.
- Looking at another's test or sharing what is on a test with students in other sections of that class.
- Using technology without permission

C. Plagiarism: Avoiding plagiarism is important -- both in writing and speaking. When you properly acknowledge the contributions to knowledge made by other people, you are showing respect for their work, and you are giving credit where credit is due. You are not misleading the reader to believe that your work is solely your own. Intentional plagiarism is cheating. Unintentional plagiarism is also cheating. This happens when a writer does not intend to plagiarize, but fails to cite the sources of the information that they use correctly.

Consequences for Cheating/Plagiarism:

1. Student will receive a zero on that assignment and two after school detentions for the first offense.
2. Student will receive a zero on that assignment and one (1) day of ISS (HS) or ½ days ISS (elem) for the second

offense.

If a student who plagiarizes is enrolled in a course for college credit, the result is an automatic failure of the college course.

- F. Vehicles: No Parking and Restricted Parking signs are clearly marked surrounding the school. Beware of the times marked. Do not block driveways, entrances, exits, or other vehicles at the risk of being towed at the owner's expense. Students are not permitted to drive cars, sit in, or ride in cars during noon hour or during the school day without first obtaining permission from the principal. Vehicles parked on or near school property are subject to search. Students are encouraged to make use of the bus transportation offered by the district. Cars may not be parked in the Concordia Church lot. All student vehicles must be registered in the office.

All devices must remain in lockers during the school day. If a student is caught using a personal electronic device during class or the device disrupts the class, the student will be required to hand over the device to the requesting staff member.

Fertile-Beltrami does not allow recording of students or staff on any school property without permission from all parties being recorded. Violations will be assigned appropriate disciplinary consequences.

First Occurrence – Staff will confiscate the device and turn it over to the detention room supervisor. The student may retrieve the device at the end of the day and will serve **one (1) after school detention**
Second Occurrence – Staff will confiscate the device and turn it over to the detention room supervisor. The student may retrieve the device at the end of the day and will serve **two (2) after school detentions**
Third Occurrence and beyond– Staff will confiscate the device and turn it over to the detention room supervisor. PARENTS /GUARDIANS ARE REQUIRED TO RETRIEVE THE DEVICE. IT WILL NOT BE RETURNED TO THE STUDENT. The student will serve **one (1) day of ISS.**

The personal possessions of students and/or a student's person may be searched when school officials have reasonable suspicion that the search will uncover a violation of law or school rules.

The school district does not assume risk or responsibility for replacing cell phones if damaged or theft occurs.

- vandalizing, damaging, disabling, or altering the property of this school district, any other individual or organization.
- accessing another individual's materials, information, or files without permission.

- e. accessing or participating in any chat system or playing games not permitted by the district.
- f. administrators and faculty may review files and messages to maintain system integrity and insure that users are acting responsibly.

H. Bus Riding Rules:

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions, or events. All school rules are in effect while a student is riding the bus or at the bus stop. Consequences for school bus/bus stop misconduct will be imposed by the principal/dean of students.

10. **All instructions given by the bus driver or other school-appointed adult will be followed at all times.**

Consequences:

Teachers will review drill procedures with students at least twice during the school year. When the alarm sounds, students should follow procedural instructions from the teacher calmly and orderly. Walk, do not run. Drill charts are found in every classroom. Note: According to the State Fire Marshall, it is illegal to set off a false alarm. Persons caught doing so can be prosecuted by law. If an alarm is set off accidentally, please hold up the bar and notify a teacher or custodian.

Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent.

BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately.

School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 - 4. The incidence and nature of cyberbullying; and
 - 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

- 1. Engage all students in creating a safe and supportive school environment;
 - 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 - 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;

 - 5. Teach students to advocate for themselves and others;
 - 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 - 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
 - G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

- A. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- B. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- C. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- D. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.

E. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

This document provides basic information to help parents/guardians make informed decisions that benefit their children, schools and communities.

Why statewide testing?

Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academics standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our children with the education that will ensure a strong workforce and knowledgeable citizens.

Why does participation matter?

A statewide assessment is just one measure of your student’s achievement, but your student’s participation is important to understand how effectively the education at your student’s school is aligned to the academic standards.

- Students who do not participate will receive a score of "not proficient."
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, noncredit course at a Minnesota State college or university in the corresponding subject area.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.

Academic Standards and Assessments

What are academic standards?

The [Minnesota K–12 Academic Standards](#) are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

What is the relationship between academic statewide assessments and the academic standards?

The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

<p>Minnesota Comprehensive Assessment (MCA) and Minnesota Test of Academic Skills (MTAS)</p> <ul style="list-style-type: none"> • Based on the Minnesota Academic Standards; given annually in grades 3-8 and in high school in reading and mathematics; given annually in grades 5, 8 and in high school for science. • Majority of students take the MCA. • MTAS is an option for students with the most significant cognitive disabilities. 	<p>ACCESS and Alternate ACCESS for English Learners</p> <ul style="list-style-type: none"> • Based on the WIDA English Language Development Standards. • Given annually to English learners in grades K–12 in reading, writing, listening and speaking. • Majority of English learners take ACCESS for ELLs. • Alternate ACCESS for ELLs is an option for English learners with the most significant cognitive disabilities.
--	---

Why are these assessments effective?

Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The reading and mathematics MCAs are adaptive, which means the answers a student provides determine the next questions the student will answer.
- The science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

Because test content represents the academic standards as completely as possible, preparing for and taking the assessments uses the very same knowledge, processes and strategies included in the standards.

Are there limits on local testing?

As stated in 120B.301, for students in grades 1-6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7-12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

What if I choose not to have my student participate?

Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student's district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

When do students take the assessments?

Each school sets their testing schedule within the state testing window. Contact your student's school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

When do I receive my student's results?

Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child's progress and help guide future instruction.

How much time is spent on testing?

Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is **less than 1 percent of instructional time** in a school year. The assessments are not timed and students can continue working as long as they need.

Why does it seem like my student is taking more tests?

The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

Where do I get more information?

Students and families can find out more on our [Statewide Testing page](#) (education.state.mn.us > Students and Families > Statewide Testing).

Minnesota Statutes, section 120B.31, subdivision 4a, requires the commissioner to create and publish a form for parents and guardians to complete if they refuse to have their student participate in state-required standardized assessments. Your student's district may require additional information. School districts must post this form on the district website and include it in district student handbooks.

Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student's school.

To best support school district planning, please submit this form to the student's school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required **each year** parents/guardians wish to opt the student out of statewide assessments.

Please initial to indicate you have received and reviewed information about statewide testing.

_____ I received information on statewide assessments and choose to opt my student out. MDE provides a *Parent/Guardian Guide to Statewide Testing* on the [MDE website](#) (Students and Families > Statewide Testing).

Reason for refusal:

Please indicate the statewide assessment(s) you are opting the student out of this school year:

_____ MCA/MTAS Reading _____ MCA/MTAS Science
_____ MCA/MTAS Mathematics _____ ACCESS or Alternate ACCESS for ELLs

Contact your school or district for the form to opt out of local assessments.

I understand that by signing this form, my student will receive a score of "not proficient" and he/she waives the opportunity to receive a college-ready score that could save time and money by not having to take remedial, noncredit courses at a Minnesota State college or university. My school and I may lose valuable information about how well my student is progressing academically. In addition, opting out may impact the school, district, and state's efforts to equitably distribute resources and support student learning.
